

Thanksgiving Packages

At Fresh Fork, there is no better holiday than Thanksgiving. It's a time to feast on the best products available, and that's why we like it! We've been working all summer to prepare for this holiday. How so? By working with our farmers to raise large, healthy pasture raised turkeys. These birds have been raised on organic pastures where they have access sunlight, lush grasses, and the insects and grub they can find in the soil. Like our chickens, this creates a rich flavor and a juicy bird.

On the week of November 22nd, the birds will be approximately 19 weeks old. This is in contrast to the 6 to 10 week "young turkeys" available at the grocery store. These are slow growth, nutrient dense, flavorful birds. **They will be processed and delivered fresh.** Special delivery times will be offered for most **pickup locations for Tuesday, November 22nd and Wednesday, November 23rd.**

Below are some purchase options. We will be selling turkeys and Thanksgiving packages including a variety of locally sourced products. Please fill out the form at the bottom of this page and return to the pickup location with a deposit check of \$25. Orders may also be placed on www.myfreshfork.com starting this Sunday.

Quantity: Each package includes the number of units of product listed below its column.					
Product	Package 1	Package 2	Package 3	Unit of Sale
